# Young Explorers

Spring 2010

Hands-on nature classes for kids ages 2 through 10

## Kids love becoming Young Explorers at the Delaware Museum of Natural History!

As Young Explorers, children use their five senses to discover the natural world while making new friends and having fun.

Your children are invited to explore the wonders of the natural world.

Delaware Museum of Natural History

Permit #37 WILMINGTON, DE

## Tiny Trekkers

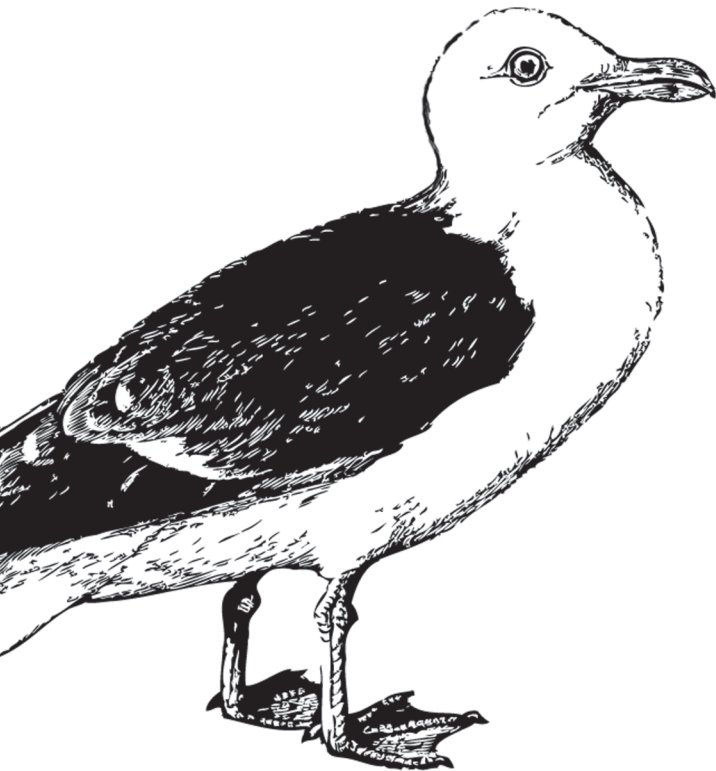

Tiny Trekkers is a five-week program focusing on broad scientific themes for 2- and 3-year-olds and their parents/caregivers. In each class children enjoy circle time, hands-on centers, music and movement, and story time based on nature themes.

The five themes for the spring session are: **What is an Insect?; From Seed to Plant; Buzzing Bees; Fruits and Vegetables;** and **From Spring to Summer.**

Families may choose hour-long classes on Mondays or Wednesdays at either 9:30 a.m. or 11 a.m.

**Monday classes:** April 12 – May 10.

**Wednesday classes:** April 14 – May 12.

## Natural Wonders

Natural Wonders introduces 4- and 5-year-olds to science through hands-on learning. Children conduct experiments, explore the galleries, and hike outside while learning about basic science concepts. Each hour-long class includes a craft to help reinforce the lesson.

Topics for the spring session are: **Water Wonders; Music in Nature; Green Eggs in the Sand; Seed Suitcases;** and **Natural Explorers.**

This five-week program is a great way to add science to your kindergartener's schedule.

Families may choose classes on Tuesdays or Thursdays at either 10 a.m. or 1 p.m.

**Tuesday classes:** April 13 – May 11.

**Thursday classes:** April 15 – May 13.

This publication is made possible through a generous grant by the Davenport Family Foundation.

## Junior Naturalists

Junior Naturalists is a five-week program designed for 6- and 7-year-olds. Children explore topics through hands-on activities and a craft. Each weekly, hour-long class is a new adventure in the natural world. Children conduct experiments, explore the galleries, and hike outside to reinforce basic science concepts.

Topics for the spring session are: **The Water Cycle; Nature's Rhythm; Horseshoe Crabs and Shorebirds; Fruit or Veg;** and **Discoveries in Nature.**

**Saturday classes:** April 17 - May 15 at 1 p.m. Parents are requested to remain in the Museum building until the end of the Junior Naturalists class.

**For more information please call Lauren Vitelli at 302-658-9111, ext. 328.**

### Young Explorers: fees and registration

**Cost:** \$50 for members, \$75 for non-members.

**Early member registration:** Sustaining members may register starting March 15. Household members may register starting March 17.

**Registration:** General registration starts March 22. Space is limited; enroll now.

**Save time: Register online at [www.delmnh.org](http://www.delmnh.org).**

## Silly Science Saturday

Special workshops for children ages 4 through 10 are held throughout the year on a variety of fun and wacky science topics.

### Get Ready for Summer!

Summer is right around the corner. Get ready by learning how to make homemade bubbles, a tide-pool viewer to use at the beach, and everyone's favorite treat: ice cream!

**Date:** Saturday, May 22

**Time:** 1 p.m.

### Cost:

**Members:** \$8 per child.

**Non-members:** \$10 per child.
