About the Delaware Museum of Natural History

As the only natural history museum in the state, the Delaware Museum of Natural History opened its doors in 1972 to excite and inform people about the natural world through exploration and discovery. The Museum houses Delaware's only permanent dinosaur display, surrounded by exhibits of mammals, shells, and other specimens from around the world. The Museum stores renowned scientific collections of mollusks and birds, including one of the top-ten mollusk collections in the United States.
